

OPEN HOUSE AND CONSTRUCTION NOTICE

YORK DURHAM SEWAGE SYSTEM

FORCEMAIN TWINNING

PROJECT 2019

In the Town of Newmarket

JOIN US AT THE OPEN HOUSE

The Regional Municipality of York is making improvements to our wastewater system. Work will occur through the Town of Newmarket and include construction of a new forcemain parallel to the existing forcemain, known as forcemain twinning. It will also include modifications to the Newmarket and Bogart Creek Sewage Pumping Stations. The work will improve the reliability of the sewage system and allow for future maintenance on the existing forcemain.

What is a forcemain?

A pressurized sewer pipe powered by pumping stations used to move your wastewater.

There are two dates available to learn more about the project and meet the team:

OPEN HOUSE

WEDNESDAY **MAY 15, 2019***

TUESDAY **MAY 21, 2019***

4 P.M. TO 8 P.M.

Newmarket Community Centre - Hall 2

200 Doug Duncan Drive, Newmarket, ON L3Y 3X1

*The same material will be presented on both dates

If you are unable to attend, information will be available to review on york.ca/forcemaintwinning beginning May 15, 2019.

★ OPEN HOUSE LOCATION

Personal information submitted (e.g., name, address and phone number) is collected, maintained and disclosed under the authority of the *Environmental Assessment Act* and the *Municipal Freedom of Information and Protection of Privacy Act* for transparency and consultation purposes. Personal information you submit will become part of a public record that is available to the general public, unless you request that your personal information remain confidential.

OPEN HOUSE AND CONSTRUCTION NOTICE

YORK DURHAM SEWAGE SYSTEM

FORCEMAIN TWINNING

PROJECT 2019

What can you expect?

- Construction of the Forcemain Twinning Project will begin spring 2019 and expected to take approximately three years to complete
- Construction will take place within work areas identified on the project work areas map; work areas will be enclosed with hoarding (fencing) to limit disturbances, protect the public and minimize noise
- Access to all homes and buildings will be maintained during construction
- Dedicated trucking routes have been identified to minimize impacts to local roads; truck traffic will be controlled to reduce disruption
- Flag staff and paid-duty officers will be on-site as required
- To prepare the construction area, select trees will be removed. Trees that are removed will be replaced with new trees
- Tom Taylor Trail will remain open during construction; additional information will be provided if a temporary closure of the trail is required
- York Region is working with the Town of Newmarket to ensure impacts to town events are minimized

Safety is a priority for York Region

Please slow down when travelling through a construction area. Thank you for your patience while we complete this vital work.

STAY IN THE KNOW.
