5.5 MV-2024-013 – 766 BEMAN DRIVE (WARD 3)

The Chair called item MV-2024-013 to order.

The applicant is proposing the construction of an Accessory Dwelling Unit. The following relief is requested from Zoning By-law 2010-40, as amended:

The Chair called for the applicant or their representatives for the file to speak before the Committee, and to state their name, address, and preferred pronoun.

Mohammad Falhasiri, Owner, recommendations by Planning state all 4 tests have been met. Opposition by two neighbours on parking in driveway explains they are misinterpreting this and the driveway will actually be made shorter so will alleviate the concerns about parking in driveway. Owner spoke to tenants to let them know they have to reduce cars and if not By-Law will be involved.

The Chair states there are 7 letters of objection.

Mohammad Falhasiri, Owner, two neighbours do not object. Side door with retaining wall, would be done safely or in the rear. Driveway will be shorter by 2 meters. Fewer cars will be parked with changes being proposed.

The Chair asked if the Committee had any other questions for the applicant and asked the Secretary-Treasurer if there are any members of the public who wish to address the Committee.

Michelle Starnes, Member, sees reduction, but pictures show recent paved and edgings put on. Request for 5.29M is small. To public we are only approving the MV we do not approve the other 3M. To the Owner, What is he planning to do with the extra 3 meter.

Mohammad Falhasiri, Owner, states that the driveway was like this when purchase property and will be reduced to soft landscape resulting in fewer cars.

The Chair states there are no other questions.
