Importance: High

Good afternoon Chrisanne,

As per our telephone conversation earlier this afternoon, this is to inform you the Town intends to reconstruct Park Avenue from Main Street to Lorne Avenue in 2018. The project is under detailed design now. As mentioned, there is a set of stairs at the church located at the north-west corner of Main Street and Park Avenue, that connects two entrances into/out of the church with the existing sidewalk on the north side, some distance west of the intersection as illustrated in the attached photo. Because of the narrow right of way on this section of Park Avenue it appears that it will not be feasible to extend the existing sidewalk on the north side to Main Street. Consequently it may be appropriate for me to attend the next Accessibility Committee meeting on September 15th to address this issue with the Committee. As discussed, could you please put me on the agenda.

Thanks,

Tom
