Declarations of Interests

Presentation

1. Mr. Craig Binning and Mr. Jason Bevan of Hemson Consulting to address the Committee with a PowerPoint presentation regarding Development Charges Review.

Items

2. Joint CAO and Commissioners Corporate Services, Development Infrastructure Services and Community Services Report 2014-08 dated May 20, 2014 regarding the 2014 Development Charges Review.

   The Chief Administrative Officer, the Commissioner of Corporate Services, the Commissioner of Development and Infrastructure Services and the Commissioner of Community Services recommend:

   THAT Joint CAO and Commissioners of Corporate Services, Development Infrastructure Services and Community Services Report 2014-08 dated May 20, 2014 regarding the 2014 Development Charges Review be received.

Adjournment
1

Town of Newmarket
2014 Development Charges Study
Council Information Session

Monday May 26th, 2014

Topics

1. Background and Purpose of Study
2. Development Forecast
3. Development-Related Capital Program
4. DC Calculation Example
5. Calculated DC rates
6. DC rate Comparisons
7. Next Steps
Background

- Town Council passed Town-wide and area-specific DC by-laws in June and August 2009 which imposed DC rates for all eligible Town services.
- On June 22nd and August 31st 2014, the Town’s current DC By-laws will expire.
- Prior to passage of new by-law, Town must:
  - Undertake a background study.
  - Hold at least one public meeting.

Purpose of 2014 DC Study

- To update the Town’s DC rates and ensure they are recovering the appropriate amount.
- Pass a new DC by-law so the Town can continue to levy DCs to pay for development-related infrastructure.
- To adhere to the requirements of the Development Charges Act.
What Are Development Charges?

• Fees imposed on new development to fund “development-related” capital costs
• Pays for new infrastructure and facilities to maintain service levels
• Principle is “growth pays for growth” so that financial burden is not borne by existing tax/rate payers

DCs and Municipal Revenues

• Development charges
  – Fund a significant portion of development-related capital costs
• Direct developer contributions
  – Fund construction costs internal or related to a subdivision (i.e. local roads, water & sewer mains, sidewalks, streetlights)
• Property taxes and utility rates
  – Fund operating costs, long-term infrastructure repair, and replacement, and non-DC eligible costs
## Development Forecast

### DC Rate Calculation

**Residential:**
- Calculated as a charge per capita
- Levied as charge per unit and by unit type

**Non-Residential:**
- Calculated and levied as a charge per square metre of gross floor area (GFA)
Draft Calculated Residential DC Rates

- General Government, 1.9%
- Library, 3.9%
- Recreation Facilities, 30.9%
- Outdoor Recreation, 21.1%
- Municipal Parking, 1.7%
- Yards & Fleet, 5.0%
- Town-Wide Engineering, 32.8%

- Singles & Semis $21,654
- Rows & Multiples $17,176
- Large Apartments $13,409
- Small Apartments $11,489

HEMSON

Draft Calculated Non-Residential DC Rate

- General Government, 4.2%
- Fire Services, 6.2%
- Yards & Fleet, 11.4%
- Municipal Parking, 4.0%
- Town-Wide Engineering, 74.2%

- Non-Residential Charge per Square Metre $59.86

JOINT CAO & COMMISSIONERS CORPORAITE SERVICES, DEVELOPMENT INFRASTRUCTURE SERVICES & COMMUNITY SERVICES REPORT – 2014-08

TO: Mayor Van Bynen and Members of Council

SUBJECT: 2014 Development Charges Review

ORIGIN: Commissioner, Corporate Services

RECOMMENDATION:

THAT Joint CAO & Commissioners of Corporate Services, Development Infrastructure Services and Community Services Report #2014-08 dated May 20, 2014 regarding the 2014 Development Charges Review be received.

COMMENTS

In 2009, the Town adopted three by-laws under the Development Charges Act, 1997 ("Act") two of which, the Town-wide and Northwest Quadrant by-laws were adopted August 31, 2009 and the third, related to the Goldstein/Trinison Development Area, was adopted June 22, 2009. The Act states that unless they are expired or repealed earlier, a development charge by-law expires five years after the day it comes into force.

These by-laws impose development charges on residential and non-residential uses and they are levied against new development to pay for the costs of servicing growth. The updated Town-wide and Northwest Quadrant Development Area by-laws will be adopted in advance of the expiry dates. The by-law for the Goldstein/Trinison Development Area is no longer required and will be left to expire as any related charges for this area have been captured in subdivision agreements.

Hemson Consulting Limited was retained to prepare the Town’s development charges background study and draft by-laws as part of the Capital Financing Sustainability Strategy and is presenting their draft information to Committee of the Whole on May 26, 2014.

The Town will be undertaking a development charges public process and the timeline is as follows:

Public Information Centre for the development community and interested parties scheduled on June 4 at 1 pm (Cane Room)

Background Study and draft by-law will be available on or before June 9

Statutory Public Meeting (Special Committee of the Whole) scheduled on June 23 at 10 am (Council Chambers)
BUSINESS PLAN AND STRATEGIC PLAN LINKAGES

This report links to Newmarket's key strategic directions in being Well Equipped and Managed by implementing policies and processes that reflect sound and accountable governance.

CONSULTATION

During the continuing preparation of the background study, consultation has taken place with appropriate departments through staff meetings and via teleconferencing and one on one discussions with the consultant. Consultation will take place with the development community and other interested parties at a Public Information Centre scheduled for June 4, 2014 at 1:00 p.m. It is also staff's intent to have the by-laws and associated documentation reviewed by external legal counsel.

HUMAN RESOURCE CONSIDERATIONS

None.
