Ref:	Town of Newmarket Millard Avenue Culvert Replacement 60% Design Submission	File:	217007

Hi Sepideh,

Attached for your review and comment is a copy of the 60% detailed design for the proposed Millard Avenue Culvert Replacement. The following is a list of the attachments included with the submission:

- Drawing PP1 is a plan/profile drawing of Millard Avenue showing the proposed culvert and proposed watermain replacement work required.
- Drawing C1 shows the details for the twin proposed 2400W x 1200H concrete box culverts to replace the existing 1960mm x 1220mm concrete elliptical and 2060mm x 1520mm CSPA elliptical culverts that currently exist.
- A copy of our Culvert Condition Assessment Report prepared in January 2017.
- A copy of the 60% Design Construction Cost Estimate

Please review and provide us with any comments at your earliest convenience.

Should you have any questions or require any additional information, please do not hesitate to ask.

Regards,

Terry Hoehn, CET
