Describe in detail the reason for the deputation and what action you will be asking Council/Committee to take (if applicable): Late Friday afternoon, my neighbours and I on Jordanray Blvd. got a letter from the Town, that some of the trees on the west side of Yonge St. north of Mulock Farm and south of the Hydro corridor, directly behind our property would be cut down, beginning this week, by the developer who owns it. We have concerns that we urgently want to share with council today. SEE ATTACHED MAP we are asking the Mayor and Council today to use their powers of persuasion to stop Criterion from cutting down any trees at this time for the following reasons: <ul style="list-style-type: none">• Protect the nests of birds and animals on the property• Keep a green buffer between our back yards and the noise, dust, pollution of the Viva rapidway construction. Let us enjoy our back yards this summer.• Keep the property from becoming another empty lot and eyesore on Yonge St. We have a petition to present to The Mayor and Council to seriously look at acquiring the property and to make the parcel part of the iconic Mulock farm development linking it to the hydro corridor. In the towns' own words "the parks and open space strategy for the Urban Centres supports connectivity with the existing parks and open space system..... and the recognition of the potential for ... Hazard Lands as contributing to open space opportunities" and the Mulock Farm is a strategic priority for the town and should be the best it can be for all residents of Newmarket.
