Leading Edge Care, Close to Home

When your family or loved ones face a medical emergency there is comfort in knowing that leading edge care is right down the street.

Help us continue to deliver exceptional care, close to home for our community.

“Southlake is not bound by what a community hospital usually does. We are proud to deliver the same or better outcomes for patients as the large academic hospitals in Toronto.”

Dr. Julius Toth
Physician Lead, Surgical Program

Southlake By the Numbers

Be Part of Our Team

Run for Southlake is the BIGGEST annual fundraiser with over 2,000 participants expected this year.

Funds raised support the most urgent needs across the hospital.

We rely on communities to fund 100% of most new and replacement tools, equipment, and technology.
