Our Goal

The One-Act Play Festival goal is to create an opportunity for emerging and established artists to have a venue to display their craft in a local setting.

Accessibility

The One-Act Festival was created as an event that is to be accessible to all; seniors, families, students, established and emerging artists. Our mandate is to ensure that the ticket prices are affordable and therefore accessible to all in the community. Complimentary tickets are given to participants as honorariums and to allow their friends and family to see their talents on a local stage.

Our Financial Dependency

The Very Useful Theatre Company has hosted the Festival at the Old Town Hall for the past 2 years and again this year, this award winning restored facility is a great venue that comes at a dear price for the organization.

In 2017 we received the Celebration of the Arts Grant to help us offset cost. In 2018 the NDDS grant helped offset the Festival Rental Costs. This year we are dependent on your support to ensure our success.

In 2018 we had six plays from the three in 2017 this more than
doubled the number of artists- emerging and established
that we supported through the Festival. We hope to support an
equal number this year!

PLEASE! Help us achieve our goal.

In 2018 we increased our Festival Participation from 2017 by
37% we hope to exceed these numbers in 2019

PLEASE! Help us achieve our goal.
