Please use the space below to provide your written comments:  I am writing as a long-term citizen of Newmarket and a homeowner on Osler Court.  While I am open to the development of the Mulock property as a community space for the town of Newmarket, I do have many concerns. Primarily, I believe that the residents of Osler Court and Jordanray Blvd that back on to the park should have a focused consultation. Our investment and our day to day lives stand to be disrupted on a permanent basis.  I purchased the property my family and I live in because it was a cul-de-sac backing onto a quiet park. I was looking for a quiet, family friendly area and I paid a premium for this location.  I am totally opposed to the idea of linking Jim Bond park to the new development. The park really is an extension of our backyards, noise really carries. Additionally, I own the end unit right on the cul-de-sac and would like to see parking regulations heightened. By no means would I be in favour of this becoming a parking area for people wanting to use the Mulock property.  I am also very concerned about having a parking area anywhere near the residential area – the noise, the view and the possible light pollution would be a huge deterrent.  Thank you for hearing my points and I would greatly appreciate a focus group for residents of the immediate area to be consulted and have their comments/perspectives heard and acknowledged by city staff, designers and the council. I believe this should take place asap prior to advancing the design to a further stage.  Thank you.  Tara	

Be advised that all Council and Committee of the Whole meetings (including this meeting) are audio-video recorded and live streamed online. If you make a presentation to Council or Committee of the Whole, your presentation becomes part of the public record and you will be listed as a presenter in the minutes of the meeting. We post our minutes online, so the listing of your name in connection with the agenda item may be indexed by search engines like Google.
