## PURPOSE

The purpose of this report is to provide JCC with information with respect to enacting a By-Law to regulate what the business delivery model is for Central York Fire Services.

## BACKGROUND

The *Fire Protection and Prevention Act, 1997* requires every municipality in Ontario to provide a public fire safety education program, various fire prevention services, and such other fire protection services as necessary in accordance with its needs and circumstances. The Act prescribes that Council is ultimately responsible for establishing the level of service provided by the fire department.

In order to comply with the Act, and to ensure that an effective fire protection service delivery model is provided for the community, a *By-Law to Establish & Regulate a Fire Department*, is essential to formally establish a fire department for the Town of Newmarket to explicitly identify the Council-approved services it provides.

The following amendments attached to this report has been prepared and presented to JCC to reflect what currently the business delivery model is for Central York Fire Services.
