

Nature's
EMPORIUM RUN FOR
SOUTHLAKE

Leading edge care, close to home

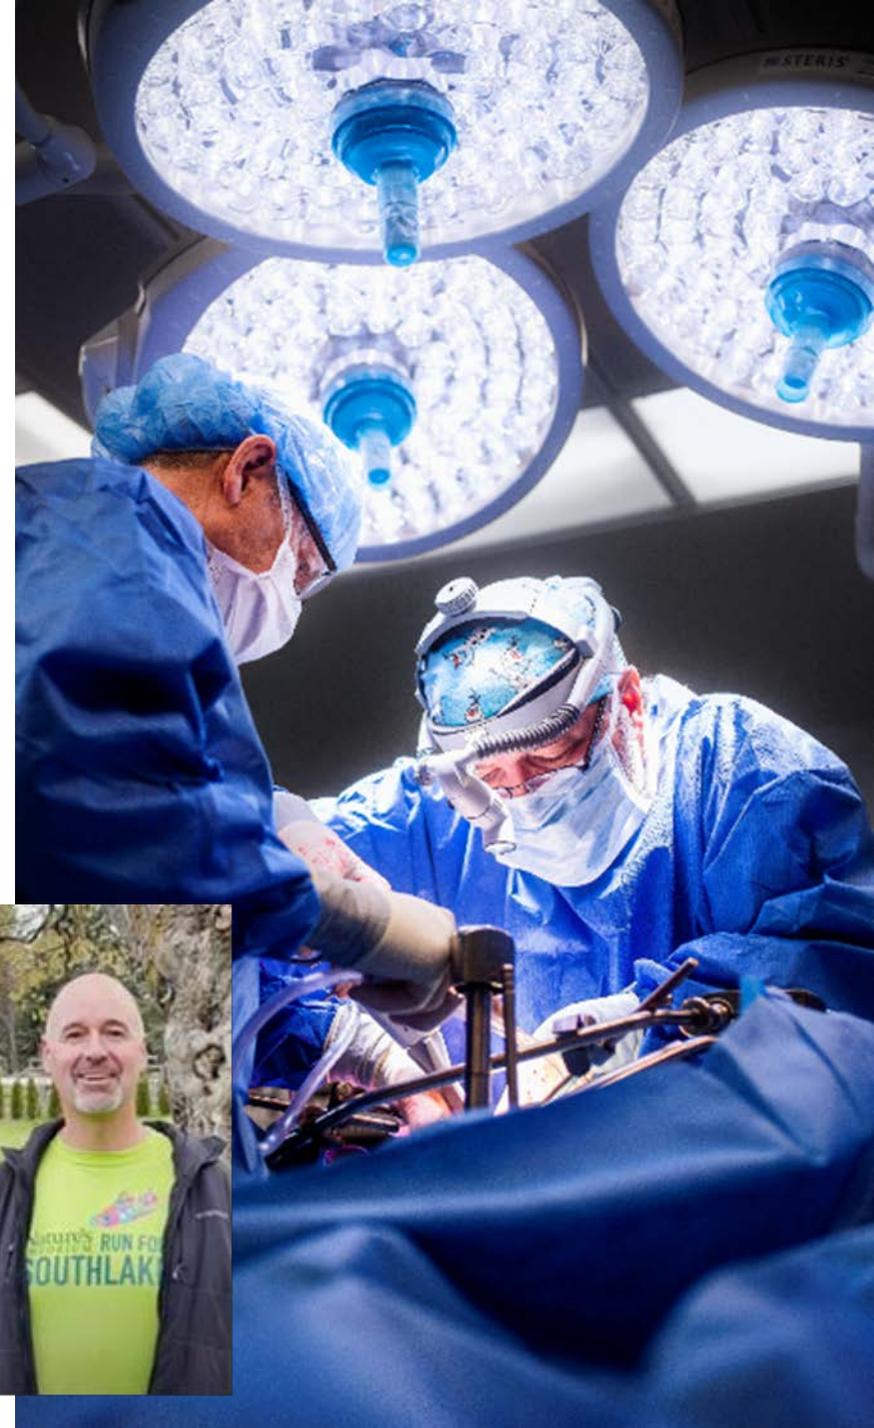

By registering for this event, you'll be supporting the most urgent needs for patient care at Southlake Regional Health Centre.

From basic needs like beds to cutting-edge equipment like an MRI, and enhanced spaces, you can help our expert front-line staff provide our communities with the best possible care right here, close to home.

"It gives us who are procedurally based, such as surgeons, an opportunity to use the funds for not only our day to day activities but also for some of our world first opportunities that are unique to Southlake itself."

Dr. John Randle
Orthopedic Surgeon, Physician Leader of the Surgical Program
President of the Medical Staff Association
Nature's Emporium Run for Southlake Ambassador
Speaking on the value of the Nature's Emporium Run for Southlake
