Members of Committee inquired about summer uses and maintenance for the skating path. Staff advised that when seasonally appropriate the skating path becomes a multi-use path and the marshalling rink south of the skate pavilion will be a fountain play area for children. Staff provided an overview of ice design and maintenance.

Billie Locke inquired about the proposed application's impact on trees. Staff advised that while there will be some impact on trees, staff will work to minimize the impact where possible and otherwise compensate.

1. That the Heritage Newmarket Advisory Committee support the applicant's proposal for 33 Mulock Drive as described in the heritage permit application.

7.2 Heritage Permit Application: 605 Fernbank Road
