

February 20, 2014

Mr. Bill Fisch, Chairman and CEO  
The Regional Municipality of York  
17250 Yonge Street  
Newmarket, ON L3Y 6Z1

Dear Chair Fisch:

**Re: National Access Awareness Week - June 1-7, 2014**

I am writing on behalf of the York Region Accessibility Advisory Committee to formally request that York Regional Council endorse June 1 to 7, 2014, as National Access Awareness Week in The Regional Municipality of York. If approved, it is also requested that the Regional Clerk forward this letter to the Councils and Accessibility Advisory Committees of local municipalities for their information and consideration.

Since 2005, Regional Council has affirmed its commitment to creating an accessible York Region by recognizing National Access Awareness Week with the community. York Region plans National Access Awareness Week activities in partnership with the Municipal Staff Reference Group which includes accessibility professionals from York Region, York Regional Police, local municipalities, hospitals and school boards.

National Access Awareness Week was established in 1988 in response to a request from Rick Hansen following his Man in Motion World Tour. Its aim is to bring together, in a spirit of partnership, people with disabilities, organizations who serve them, business, labour and governments to affect meaningful changes in the daily living of people with disabilities.

York Region reflects these ideals in its strategic direction to foster inclusive and accessible communities. National Access Awareness Week offers an opportunity to celebrate the work that is being done across the Region to make programs and services more accessible for everyone.

Sincerely,

A handwritten signature in black ink, reading "Vito Spatafora". The signature is fluid and cursive, with the first name "Vito" and last name "Spatafora" clearly distinguishable.

Regional Councillor Vito Spatafora  
Chair, York Region Accessibility Advisory Committee

Copy to: Denis Kelly, Regional Clerk  
Adelina Urbanski, Commissioner of Community and Health Services  
York Region Municipal Staff Reference Group
