Senior Planner, Policy

Dear Marion:

**RE: Recommendation for Adoption
Revised Newmarket Urban Centres Secondary Plan (OPA #10)
And Active Transportation Network (OPA #11)**

Thank you again for providing the opportunity to review the most recent Newmarket Urban Centres Secondary Plan and Active Transportation Network which will be before Council on Monday, June 16th.

Macaulay Shiomi Howson Ltd. (MSH), has made formal submissions on behalf of a number of its clients over the course of the Secondary Plan process. A number of the concerns raised have generally been addressed in whole or in part.

There is one issue, however, that remains outstanding and I am compelled to raise it once again. It is in regard to the proposed public/private roads/lanes. Schedule 5: Street Network of the Secondary Plan appropriate identifies these features as "proposed". However, in Schedules 3, 4 & 6 these "proposed" roads/lanes are shown in a similar manner as existing public right of ways. We do not believe this is correct or appropriate and can be misleading since they are dependent on redevelopment of the area and may never be implemented.

We suggest the following modifications:

1. The dotted symbol be continued through the other Schedules for clarity; and,
2. The inclusion of a footnote on the Schedule 5 referring back to the specific policies within the Secondary Plan text.

I will be submitting a request for deputation before Council in this regard.

Yours truly,

MACAULAY SHIOMI HOWSON LTD.
